MABEL DOYON CELEBRATES 100TH BIRTHDAY

By Lillian C. Sheehan

Linden Apartments felt they had something to celebrate when one of their residents was looking forward to a 95th birthday, but Mabel Doyon surprised them all when she reached her 100th birthday on January 4, 1987.

Mrs. Doyon, born in Fairfield Maine in 1887, was the daughter of Pauline Gurney Ware and Philip Ware. Mrs. Doyon's first husband, Daniel A. Poulin, died in 1923, and her late husband Philip Doyon died in 1963.

She is believed to be the oldest tenant in the apartment house, moving there when they were established over 26 years ago. Mrs. Doyon and her husband Philip were caretakers of the Singletary Rod and Gun Club grounds for many years before moving to Millbury.

Mrs. Doyon's birthday was celebrated with her son Arthur Poulin of East Millbury, and her daughter Marjorie Landry, also of the Linden Apartments, and a few relatives and friends.

Mrs. Doyon has a brother, Percy Ware of North Wildwood, N.J., and has 112 direct descendants. She had five children, 23 grandchildren, 62 great grandchildren, and 27 great-great grandchildren. She is perhaps one of the few people who can boast a picture featuring six generations.

Mrs. Doyon lives alone and cares for herself, though Marjorie, in a neighboring apartment, takes care of all the cooking. Unlike some of us who reach for the Tums or Mylanta, Mrs. Doyon has a healthy appetite and eats everything. According to Marjorie, "She loves hot sausages and spaghetti and meatballs."

Perhaps her happy outlook on life has seen her through thus far - Many more Happy and Healthy Birthdays, Mabel.

MILLBURY SELECTMEN'S MEETING DIGEST

By Edward J. Cooney

DECEMBER 23

The Board moved rapidly through its agenda prior to going into Executive Session at 8:25 p.m.

- The meeting opened with Administrator Earl Chase presenting an informational item to the Board. Chase stated that Roger Desrosiers notified him that the Cable Advisory Committee was planning on holding a Public Hearing concerning possible changes in the Cable channels package presently available to Millbury residents.

Other Board members commented that they had received many calls for NESN, a sports channel.

Chase noted that the Advisory Committee had received calls to retain the Trinity Channel, which last month was one of the channels suggested as being dropped to gain NESN.

Selectman Roland Lachance stated that there were a number of people in the community who watched Trinity programs. He noted, "It is not only a religious theme channel, but also covers the whole spectrum of human life including areas that deal with health concerns."

The Board then moved to accept the minutes of the November 18 meeting, as revised and corrected.

- Under "Old Business", Chairman Adams informed the Board that a petition has been filed for a Special Town Meeting. The Articles refer to the Signal Resco Resource Recover Plant operation and zoning at the Industrial Park.

- In addition, Adams notified the Board that the flood lights had been installed at the temporary parking lot on Elm Street.

- Adams also told the Board that the contract for the Dorothy Pond Restoration Project had been received by Counsel and was ready for the selectmen's signatures.

- Selectman Roland Lachance informed the Board that he had observed that the Ramshorn Pond had come up six inches during the last rain storm.

Chase noted that there appeared to be a drainage problem with two catch basins on Dolan Road. Adams suggested that the engineers check it out.

- No new information concerning the Providence St. School

- No new information concerning Lewcott Chemical

- The Youth Task Force Committee will be meeting with the Board in January.

- Adams then inquired as to the status of the petition for lighting on Stowe Road. Chase stated that he is waiting for a response from Mass. Electric and the Safety Officer. No action was taken on the petition.

- Adams also asked Chase for more documentation to justify the need for a code enforcement and building department.

- The District Nurse's request for additional space at the Asa Waters House is being studied. Chase stated that revisions were being made and cost per square foot for restoration was included.

- Adams then asked if there were any responses from the Council on Aging.

Lachance stated that he didn't understand the gist of the comments expressed in a "Letter to the Editor" from Judith O'Connor, which appeared in the December 18 edition of the Millbury-Sutton Chronicle.

Adams noted that there was no letter to the Board from Mrs. O'Connor, as reported in the press. He stated that he had had a telephone conversation with the Director.

- The Board was informed by Chase that a dog complaint and a request for a public hearing were dropped as neighbors were able to work out a solution.

- Mark Dana, of Mass. Water Works, and a representative from R.H. White Construction Co., appeared before the Board to seek an amendment to the street opening permit (with conditions), approved by the Board several weeks ago. Dana expressed concern that the conditions, attached to the permit, would increase the cost of the project dramatically. The representative from R.H. White stated that the process to be used to compact the trench and to resurface the entire road would make Millbury Ave. a better road when the project was completed.

Selectman John Donnelly expressed his concern as to how they would compact the trench. R.H. White, he was told, had a new compactor machine that would do the job with

SELECTMEN from Page 3

98% efficiency. It was also stated that the trench would be back-filled and compacted weekly as the project progresses. Temporary patch would be installed until the summer. When the project is complete, the entire road will be leveled and resurfaced.

Adams noted that there are two areas along Millbury Ave. that have to be observed. He was concerned with the drainage of surface water near the Mass. Pike bridge where drainage has caused problems for neighbors in the past.

Donnelly said that he would have no problem with the amendment if patching and compacting at the trench was done weekly. He stated that he wanted the amendment request in writing and asked that the letter be incorporated in the permit. The Board voted unanimously to accept the amendments proposed by Dana.

Under "New Business", the Board:

- Voted 5-0 to approve drain layer permits for M. Lapriore and R. Bernard.

- Tabled a request for a street opening on Millbury Ave. for drainage by Amorello and Sons Construction.

- Approved 5-0 to renew the contract with Commercial Planning Insurance as advisors to the Town.

At this time, Adams brought up for discussion the petition request for a Special Town meeting as filed by Joseph Bianculli and the Committee for a Clean and Safe Millbury. Adams noted that some small changes had been made in the present Articles as a result of their defeat at the recent Special Town Meeting.

Selectman Jude Cristo stated that he thought the petitioners of the proposed Articles were wasting the taxpayer's money. "This is costing the townspeople. Are they going to keep calling Special Town Meetings until they (the Articles) are passed?"

Adams noted that the Board has 45 days in which to call a Special Town Meeting. "We are obliged to call a Special Town Meeting. We have to prepare the Warrant and decide what appropriate other subjects are to be included. We can identify concerns and decide what positions we should take," he said.

Adams then asked Chase how much time was involved. Chase stated that with one Article it could be posted in a week, but with an allowance for other subjects, two weeks or 14 days would be required for posting the Warrant.

Cristo suggested a possible date for the Special Meeting as Tuesday, January 27, 1987. Adams stated that the Board would have to determine when to open and close the Warrant. It was noted that there might be other Articles submitted.

Chase stated that the petition had been field on December 16, 1986, and could be posted January 12, 1987 at the latest.

Adams stated that the date for the Special Town Meeting could be determined at next week's meeting; the Board concurred.

- It was noted by Adams that the time for the preparation of department budgets and annual reports was approaching.

In other action, the Board

1. Voted 5-0 to allow the Planning Board access to Town Counsel for clarification on the Board's authority over subdivisions.

Reference was made to a plan submitted by a Mr. Little for a house on a two acre lot showing no street frontage. The Appeals Board granted Little a variance and he has returned to the Planning Board for their approval.

2. Made reference to lot #38 of a plan of Benjamin Miles, on Gover Road, concerning whether it is a buildable or non-buildable lot.

3. Was informed that an investigative report had been filed, concerning the alleged serving of liquor to a minor by the New China Garden Restaurant. A Public Hearing will be scheduled.

The Board then voted unanimously to go into Executive Session to discuss issues relating to collective bargaining and negotiations.

DECEMBER 30, 1986

The Board of Selectmen met for their final meeting of 1986. It was a quiet meeting that moved along smoothly and without any major controversies.

- After approving the minutes of several previous meetings, Chairman Wynton Adams moved the meeting into "Old Business".

- Adams stated that he had talked to members of the Advisory Committee relating to the Resource Recovery Plant, and that they indicated that the Committee intended to pass on to Signal RESCO all matters relating to Articles that will be on the Warrant for the Special Town Meeting.

- In matters involving solid waste disposal, Administrator Earl Chase noted that a meeting will be coming up on January 22nd. The meeting will be held at 1:00 p.m. and will relate to other options of solid waste disposal such as recycling and compacting.

- The Board then discussed the relocation of a telephone pole and a hydrant on Elm Street near the old bowling alley. A proposed exit from the temporary parking lot is being held up pending their removal to another location.

After several minutes of discussion, Adams suggested that the hydrant be moved towards the curb in front of the old bowling alley. The members concurred and Chase will follow up with Mass. Water Works.

- Selectman Donald Gauthier noted that the signs located near the C.D. Whitney Insurance building were too small and should be relocated near the fence at the back of the fenced off area of the former parking lot.

MILLBURY PLANNING BOARD HOLDS HEARING ON MILES' SUBDIVISION

By Edward J. Cooney

DECEMBER 21, 1986

The Planning Board conducted its Business Meeting for one half hour prior to opening its scheduled Public Hearing at 8:00 p.m.

- A petition for approval to build a single family dwelling on two acres of land, without road frontage, was presented by Attorney Peter Keenan, representing Paul Little.

Attorney Keenan noted in his presentation that he had previously appeared before the Planning Board for approval. Not obtaining approval, his client went to the Board of Appeals and was granted a variance. Keenan went on to say that the Board of Appeals endorsed the plan and sent a two page letter to the Planning Board. He cited Case Law which stated that the Court had ruled in Adams vs. Concord that a variance excluded property from sub-division law.

Chris Nelson, Planning Aide, cited a Case Law, Richfield vs. Planning Board, which dealt with this issue. "This is an explicit case where there is sub-division control." Nelson noted that it becomes a question of the Board of Appeals having the power to waive sub-division requirements. "There is a difference between property having no frontage vs. insufficient frontage."

Attorney Keenan stated that there would be only one house lot and any further development would mean coming to the Planning Board or the Board of Appeals for approval.

Planning Board Chairman Phil Dumas stated, "The Board of Appeals is creating a new law. They have overstepped their bounds." He also announced that the Planning Board was going to refer the granting of the approval to Town Counsel before taking any further action.

- Joseph Bianculli, representing Citizens for a Clean and Safe Millbury, informed the Board that his Group had filed a petition for an Article to be placed on the Warrant for a Special Town Meeting, sometime in January, 1987.

Bianculli stated that Article #5, dealing with changes in Industrial I and II by-laws, was defeated at the last Special Town Meeting and his Group was asking for the deletion of a section in their previous Article. It will be presented again for approval by the Town Meeting. Bianculli reminded the Board that they had given their petition every consideration in the past.

Dumas stated that the Board would consider the request and advise them of their decision by the end of the week.

At approximately 8:00 p.m., Dumas announced the opening of a Public Hearing concerning proposed amendments, modifications, or rescinding of a petition by Benjamin Miles for a sub-division on Nicole Drive (Northeasterly of Cyndy Lane and easterly of Greenwood St.).

Miles had petitioned for construction and had been denied approval. Because of an error of omission, Miles was granted approval under the law (he was not notified of the Planning Board's decision within the statutory 60 days).

Chairman Dumas explained that the Board had been advised that modifications could be made in the Miles proposal.

Attorney James Burgoyne, representing Miles, presented several points concerning the

SELECTMEN from Page 4

The Board asked Chase to look into relocating the sign and replacing present signs with larger ones.

Adams indicated that he thought the entrance sign could be larger and should show an arrow indicating the entrance.

- Chase noted that there was no new information concerning the Blackstone River Dredging Project.

- Selectman Jude Cristo inquired of Chase if it would be permissible to wait until next week to sign the contract for the Dorothy Pond Restoration Project as he had not yet had time to read the contract. Chase affirmed his request.

Cristo also stated that he had recently done some clean up work on Dorothy Pond. He noted that the water level was down, allowing people to work out to about 15 feet from the shoreline. He also remarked that there was, "a lot of junk out there".

- Selectman Roland Lachance noted that Ramshorn Pond was up about a foot.

- Chase then indicated that he would be in touch with the Dog Kennel Committee on Monday and that the Board should have some information next week.

- There was no new information concerning the Providence St. School property or Lewcott Chemical Co.

Chase did state that DEQE is taking additional soil samples on the Lewcott property.

- In matters relating to the Department of Public Works Study Committee, Adams stated that he had come across an old study completed some time ago. The report indicated that the Board of Selectmen had the authority to establish a Department of Public Works under Chapter 41-69C. He suggested that this information be passed on to Board member John Donnelly, who was absent.

Adams also stated that the previous study and report did not address the elimination of the Highway Supervisor position. "That could be an entirely different ball game," he said.

- A letter was received from a group of young teenagers offering a suggestion for consideration by the Youth Task Force Advisory Committee. The letter suggested locating a ramp for "free style" bicycling for youngsters interested in that type of sport. The letter will be forwarded to the Advisory Committee which will be meeting with the Board next week.

- The petition for street lighting on Stowe Road was tabled until reports are received from Mass. Electric and the Safety Officer.

- No additional information has been received from the various inspectors concerning the possible establishment of a building inspector and code enforcement department.

- The Board received copies of a study done by Chase, concerning the cost factors in the renting of additional space to the District Nurses in the Asa Waters Estate.

Adams stated that the Selectmen would determine what was fair in light of the figures presented. It was then noted that the Association was four months in arrears of their rent payment. Adams indicated that their money was tied up with receivables.

- The Board voted 4-0 to establish Tuesday, February 10th, at 7:00 p.m. in the High School Auditorium, as the date for a Special Town Meeting. The date for closing the Warrant was specified as Tuesday, January 6th.

Adams asked Chase if a list of Articles had been prepared and Chase indicated that it had not.

Adams then stated that all Articles submitted should be restricted to those that are of the most absolute need.

Chase noted that department heads should be notified of this. Cristo responded that there was no need to solicit articles. "We have the regular Town Meeting coming up. They should come up at that meeting," he said.

Adams stated, "We can't compromise the efforts of the Finance Committee. They are tied up with issues for the Special Town Meeting."

- In other New Business, the Board:

1. Voted to table a request for a street opening by Amorello Construction on Millbury Ave.

Cristo noted that the road was covered with mud from the construction site and he suggested that it should be cleaned up.

2. Voted 4-0 to grant license renewals for drain layers to Richard Wunschel and T. Amorello Inc.

3. Approved a request by the Library Trustees to gain access to Town Counsel. They wish to review the policy established by the Board concerning the waiver of liability of the Town from artists who may exhibit works at the Library.

4. Approved a street opening at 18 Canal St. by Commonwealth Gas to reconnect gas service.

5. Signed a certificate of recognition for Mabel Doyon upon her 100th birthday.

6. The Selectmen then voted 4-0 to move into Executive Session at 8:30., to meet with Ron Warrick of the Grafton Water District.

HISTORICAL SOCIETY TO VIEW SLIDE PRESENTATION

MILLBURY. The Millbury Historical Society will meet on Tuesday, January 13, at 7:30 p.m. at the Asa Waters Mansion.

Dr. Richard Church will give a slide presentation, and Betty Church will be in charge of refreshments.

PUBLIC HEARING

The Millbury Cable Advisory Committee will hold a public hearing on Thursday, January 22 at 7:00 p.m. at the Town Hall. The purpose will be to discuss the possible addition and deletion of channels. All concerned with either changing or maintaining channels in our present cable system should be at this hearing. Representatives from Greater Media Cablevision will also be present.

MILLBURY PUBLIC LIBRARY TO PRESENT INVESTMENT SERIES

The surtax repeal will mean a $270 million tax break for Massachusetts taxpayers, and fulfills a pre-election commitment from political leaders to make good on surtax repeal despite overwhelming voter approval of a meaningful state tax limit. Council President Howard Foley praised Moore for his "crucial leadership" in the tax repeal effort and Barbara Anderson, Executive Director of Citizens for Limited Taxation (CLT), stated that Moore was one of the few who truly "deserved credit for the repeal".

The Uxbridge lawmaker is a former chairman of the Legislature's Committee on Taxation and serves as a member of the Special Commission on Tax Reform.

The Millbury Public Library and Shawmut Bank will present a series titled "Sound Investments". This is a three part series starting on January 8 at 7:00 at the Millbury Public Library. This series will consist of three investment programs dealing with various aspects of personal investment. Special emphasis will be on recent tax reform.

FINANCIAL PLANNING
JANUARY 8 - 7:00 P.M.

A discussion on the elements of estate planning, including wills, trusts, estate taxes and joint ownership or addressing specific elements in detail. Presented by Edward J. Connor, Jr., Senior Trust Office, Trust Department of Shawmut Bank.

INVESTMENT INSTRUMENTS
JANUARY 22 - 7:00 P.M.

A discussion on money market instruments that will be available to the buyer - yields, risks, fees and how to acquire them. The comparative value of tax exempt securities. Presented by Timothy R. Chapin, Shawmut's senior Vice President, Investment Department.

TAX EXEMPT SECURITIES
FEBRUARY 5 - 7:00 P.M.

An enlightening look at municipal tax exempt securities highlights what's available and how to invest in order to receive tax free income. Presented by Shawmut's Mikael Zalansky.

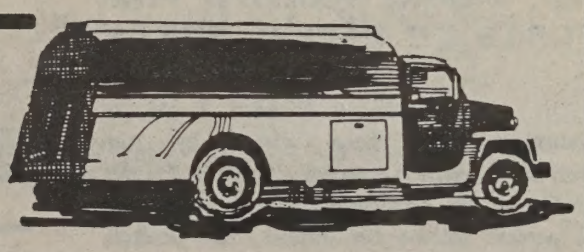
NOTICE



As required by the Department of Public Safety (Law #CMR5278), all vehicles transporting class A & B flammable liquid must be inspected by the Fire Department.

These inspections will be done on Saturday, January 17th, at the fire headquarters on Elm Street, between the hours of 9:00 a.m. and 12:00 noon. If you fail to comply you are illegally on the road and subject to removal.

THIS IS YOUR LAST CHANCE

The Millbury Fire Department

PLANNING from Page 5

proposed sub-division and any amendments that might be made dealing with the length of the street, the type of paving, curbing, sidewalks, and location of underground utilities.

Burgoyne noted that a decision concerning a dead end street, raised in another Court case involving Bengston Lane Sub-Division, was expected shortly.

Frank Piscitelli, Chairman of the Board of Health, stated that the Board of Health had not received a definite plan for sewerage on Nicole Drive. He noted that his Board has not affixed it's stamp to any sewerage plan for the sub-division. Piscitelli went on to say that if a plan that has been floating around with Board of Health approval shows up, the Planning Board should ignore it. He said that all plans have been filed except the Board of Health approval.

Chairman Dumas stated that the Hearing would be adjourned and continued to a later date. In a closing statement, Dumas noted that Miles had received approval from the Town Clerk as a result of the Planning Board's failure to notify him of their disapproval within the 60 day requirement. Dumas said, "We are not happy with it....We will amend the plan....We are not happy with our inaction and mistake....We have to live with it....This is some kind of an apology....We have learned a valuable lesson."

Following the Hearing, the Board listened to complaints from several neighbors and home owners on Gover Road. The neighbors expressed concern about the extension of Gover Road beyond the existing turn-around. This, they believe, would have an adverse effect on the re-sale value of the homes and properties.

Miles explained that the turn-around would not be changed and that he could build on the lot that he owns.

The Planning Board decided to seek access to Town Counsel for review and consultation in order to come to an appropriate decision.

REP. MOORE PRAISED FOR EFFORTS TO REPEAL SURTAX

BOSTON. Representative Richard T. Moore (D-Uxbridge) has been cited by the Massachusetts High Technology Council for his leadership in the legislative effort to repeal the 7 1/2 percent income tax surtax. The Council, which represents the state's hi-tech industry, singled out Moore for praise along with House Speaker George Keverian, Senate President William Bulger, House ways and Means Chairman Richard A. Voke, and House Taxation Committee Chairman John H. Flood.

MILLBURY SELECTMEN SEEK INPUT REGARDING SIDEWALK RECONSTRUCTION

MILLBURY. The Millbury Board of Selectmen is interested in discussing with any local contractors a program for the reconstruction of sidewalks. Contractors with the expertise, experience, and/or manpower for such a program are requested to contact the Selectmen's Office, 127 Elm Street, Millbury, Telephone 865-4710.

VALLEY TECH TO HOLD INFORMATION PROGRAM

MILLBURY. Valley Tech will conduct an information program for students and parents with regard to applying for September, 1987.

The two hour program will start at 7:00 p.m. Included will be a discussion of the application process, a question and answer session, a brief film on vocational education, and an opportunity to tour the facilities and talk with teachers.

Interested Millbury residents are asked to attend on Thursday, January 22, 1987. If necessary, Millbury residents may also attend on either January 20 or 21.

Inside Out

In 1961, Wanda threw away all of her toys, but now they're back . . . and they want some answers.

DEADLINE FOR ALL SUBMISSIONS TO THE MILLBURY-SUTTON CHRONICLE IS 12:00 NOON ON SATURDAY OF THE WEEK PRIOR TO PUBLICATION.

HAVE YOU SENT IN YOUR SUBSCRIPTION?

NOTICE

BOARD OF HEALTH OUTLINES NEW REGULATIONS FOR "WHITE GOODS" DISPOSAL

MILLBURY. Because of the increased number of appliances and white goods being disposed of at the Millbury Landfill, and the limited amount of dumping space available, the Millbury Board of Health is compelled to make new regulations regarding their disposal. Beginning January 15, 1987 a disposal permit must be obtained from the Board of Health Office prior to delivery to the landfill. You must supply the name and address of where the goods are coming from and the name and address of the person transporting them to the landfill. There will be a $1.00 permit charge for any vehicle not displaying a Millbury landfill sticker.

SELECTMEN SEEK VOLUNTEERS FOR SWIM STUDY COMMITTEE

MILLBURY. The Millbury Board of Selectmen is requesting volunteers to serve on the Swim Study Committee for the Town of Millbury. Please call the Selectmen's Office at 865-4710.

BLOOD PRESSURE CLINIC

MILLBURY. At the Asa Waters Mansion, 123 Elm Street, there will be a Blood Pressure Clinic on Tuesday, January 13, from 9:30 to 11:30 a.m. Residents of Centerview Apartments may attend a Clinic on Thursday, January 15, from 1:00 to 2:00 p.m.

Both of these clinics are among the services offered by the District Nursing Society to residents of Millbury, Sutton, and neighboring communities. The Clinics are free and most of those offered are open to the public.

COUNCIL ON AGING SEEKS VOLUNTEERS

MILLBURY. "Volunteers don't contribute to our civilization. They are civilization...they are the only human beings on the face of the earth who reflect the nation's compassion, unselfishness, caring, patience, need, and just plain loving one another. It frightens me, somehow, to imagine what the world would be without them." -- Erma Bombeck.

The Millbury Council on Aging is in need of volunteers to drive for the Home Delivered Meals Program. The routes take approximately 1 hour and drivers are given a $2.00 per day stipend and 23 cents per mile car allowance. If you can help with this all important program, please call the C.O.A. office at 865-9154. Volunteers are most important to the services provided to the elderly.

What's the Difference?

By Pat O'Leary & Larry Ham

HOW TO PLAY: The answers to the two clues rhyme and the beginning consonant sounds are switched. For example: What's the difference between a neckwear fastener and a metal pan for baked desserts? One is a TIE PIN and the other is a PIE TIN. Sound counts, not spelling.

1. Richard's opportunity and a baby chicken's cha-cha? _____ and a _____
2. A comfortable niche and a snoopy chef? A _____ and a _____
3. A bank clerk's spirit and a vendor's fee? A _____ and a _____
4. A pan-handling drove and nature's helicopter? A _____ and a _____

ANSWERS: 1. Dick's chance and a chick's dance. 2. A cozy nook and a nosy cook. 3. A teller's soul and a seller's toll. 4. A bumming herd and a humming bird.

ASK YOUR VET

By Ann L. Huntington, D.M.V.

DEAR DR. HUNTINGTON: Last year my family gave me a single peach-faced lovebird named Coco. He/she appears to be happy and content, loves to be touched and quickly comes to my hand. I am very fond of this little creature and would like to be sure that Coco has a happy life. Perhaps you could answer some questions for me.

1. Is it necessary to let Coco out of his/her cage to fly? Ever? Regularly? On rare occasions? Coco's feathers are not clipped. How do I preserve the plants and woodwork in my apartment if I let Coco out? And where would I find a net so I can retrieve Coco at will?

2. People tell me that I am cruel to keep a single lovebird, though pet store owners don't seem to think that it matters. If it is better for the long, happy life of the bird, how do you suggest I go about finding him/her a mate? Also, Coco is very noisy and someone told me that in pairs the noise never stops. Also, that once mated, Coco won't respond to my touch anymore. Are these things true?

3. Coco has never had his claws clipped (trimmed). Is this unhealthy? How often should they be clipped?

4. How often should Coco bathe? What else besides spray millet and carrots will make him/her happy?

5. I clean the cage once a week (at the most) and use any paper I find to line it. Should I clean it more often, and does it matter if I don't use the expensive and difficult-to-keep-in- stock special cage liners? – Pierre H., Quebec

DEAR PIERRE: Yes, let Coco out of the cage to fly about. As with people, regular exercise is a definite plus for him/her. But first, have Coco's wings clipped by a veterinarian that enjoys avian practice. This is neither a permanent nor a painful procedure, any more than having your own hair cut. One does not clip a bird's wing feathers so much that the bird cannot fly at all, but merely enough so that, in order for the bird to fly, he has to work a bit harder than normally. Also, he will not be able to fly very high. Having Coco's wings clipped prior to letting him out for the first time will let him get used to the environment and yet you'll be able to catch him.

The best place to find a net (either a fishing net or a butterfly net) would be in a sporting goods store. If the wings are clipped, a net might not even be necessary; it will, however, make it easier to catch Coco.

As for being cruel about keeping Coco single, lovebirds do well on their own. In fact, these birds are notoriously difficult to tame, and the fact that you've been able to tame Coco suggests one of the major benefits of having him lead the single life. With a mate, Coco would probably neglect you for his girlfriend.

As for the noise, obviously two birds make more noise than one, so that's another reason for not getting Coco a mate.

Claws on a bird are like those on dogs and cats, or nails on people. If they get too long they need to be trimmed. This is especially true if Coco is going to be let out of his cage; his claws are apt to hook onto things such as fabric fibers, and as he tries to pull free he could injure his delicate legs. So get a pair of clippers and clip. If you don't know how, whoever clips Coco's wings can show you how to clip his claws, too.

How often should Coco be bathed? Twice a week is enough. But if it makes him happy, he can have a daily bath.

In addition to spray millet and carrots, what else should Coco eat? First, he needs to have a good basic seed mixture as his regular diet. This can have a few sunflower and/or safflower seeds, but it also should have a good mix of the basic nutritional seeds. In addition, birds like all kinds of table foods – almost any fruit you can think of, and almost any vegetable as well. Also, bread, crackers, cheese...all of these can be offered in small amounts now and then.

Now for bird cage cleaning: I feel that the papers on the bottom of the cage should be cleaned daily. One easy way to do this is to put down several layers of paper and then just keep removing the top layer. It is not necessary to use any special cage liners. The only taboo in terms of kinds of paper are those colored pages used in some newspaper ads and in slick magazines. Such colored pages can have toxic materials, and anyway, they're not absorbent. Regular newspaper is fine.

ON THE SHELF

By

Rosemary Waltos

In the past several columns, I've had fun telling you about new books that have just arrived, recommending Holiday gift books, and highlighting the reference collection with some of the facts and trivia you can glean from it. Now, I'd like to strike a more serious note by taking a reflective look at why there is a Millbury Public Library and the important role it plays in the Millbury community.

The purpose of the Millbury Public Library is to serve adults, young adults and children in the Millbury community. It serves these groups with a collection of materials and services designed to cater to their popular reading, listening, and viewing tastes, and informational needs. The Library is further committed to providing materials and services to students in grades one through twelve. The Board of Trustees, Director and staff, subscribe to the concept of freedom of information and maintain a spirit of cooperation with the Central Massachusetts Regional Library System and other institutions in making these library services available to the Millbury community.

The Millbury Public Library assumes several roles in the community. Among these roles, its most important ones are: 1. A recreational reading, listening and viewing center for adults; 2. a children's and young adults reading, listening and viewing center; 3. an information agency and adult independent learning center, and 4. an inter-library loan access point for materials and information accessed from other libraries and institutions. These roles were identified and defined through an analysis of the community, a study of patterns of library usage, statistics, and a basic determination of costs involved in providing various services.

The role of adult recreation reading, listening and viewing center is a basic one. It is assumed based on the fact that most people use the library to borrow adult materials. A recent survey shows that 90% of the people that use the Library use it to borrow materials. These people are most often seeking popular and bestselling fiction and nonfiction. Circulation statistics indicated that 45% of the total Library circulation is in this area.

Children's reading, listening and viewing center is an important part of MPL's services. Almost 30% of the Library's circulation is made up of children's material. A strong program of children's activities supports this role. The Library conducts an average of five children's programs each month.

Young adult reading, listening and viewing center, and student auxiliary are roles that have always been assumed. By clearly identifying and defining these roles, the Library will be giving them more emphasis in the future. This emphasis is particularly important when looking at the increase in students planning to further their education beyond high school. Recent figures showed that 38% of Millbury's 1985 graduating class planned to attend four year colleges. This figure increases when other types of educational institutions are considered. Along with the Millbury School Department, the Library is committed to helping to build a solid foundation of learning for these young adults.

The Library recognizes itself as an information agency and adult independent learning center. It provides patrons with answers to their questions by using the Library's reference collection and, when necessary, by the staff's knowledgeable referrals. MPL does not try to compete with larger libraries, but it does strive to provide basic sources to satisfy the general information needs and interests of the community. The Library fields more than 1300 reference questions annually.

Using an inter-library access point, the Library provides the widest range of materials and services possible. These general, supplemental services and materials are provided by the Central Massachusetts Regional Library System, of which MPL is a part. Figures show that the community relies on this service. In 1985, 470 items were borrowed from the Regional System for Millbury patrons.

Working together, the Library Trustees, Director and Staff, along with volunteers and the Friends of the Library, are committed to providing the best Library collection and services for the taxpayer's money. With continued and increased support from the community, we will continue to work towards improving and expanding on the Library's basic roles in 1987 and the years to come.

HIGH SCHOOL DIALOGUE

By Roger Desrosiers

THE 200 CLUB

During the month of December, the physical education staff conducted the annual physical fitness testing program. The aim was to motivate students toward becoming more fit. All of the students performed a variety of skills which included push-ups, sit-ups, chin-ups, rope climbing, shuttle run, and distance run. Points were awarded on the basis of endurance or speed or on the number of times the skills were completed.

All students were vying to achieve 200 points. The top point winners were awarded a "200 Club" shirt and all those reaching 200 points have their names listed on a chart on the gymnasium bulletin board along with last year's winners.

The top ten winners for the boys and girls, with their respective point totals, are as follows:

BOYS: Andy Waszkiewicz - 364, Kurt Richard - 349, Christopher Minichilli - 345, Scott Erickson - 326, Paul Grenier - 323, Mike Faron - 321, Robert Young - 319, Jeff Roberts - 299, Scott Spatol - 287, Earl Taylor - 282.

GIRLS: Annette White - 305, Jodi Cronan - 288, Sherry Watkins - 280, Pam Turner - 260, Kathy Dupuis - 259, Gina Orsi - 259, Marie Labreck - 257, Sharon Dupras - 255, Jill Bush - 249, Tammy Hoel - 248.

Hopefully, the enthusiasm that these students and all the students showed will urge them to take greater pride in their own physical well-being.

COMMONWEALTH SCHOLARS

Prior to the Christmas vacation, four students were nominated to become Commonwealth Scholars. Each year the Commonwealth of Massachusetts awards college grants to nearly 1000 students throughout the state. To be considered, a student must have a cumulative average of 87.5% or better, and must exhibit excellence in one or more extra-curricular activities. The nominated students then are eligible for a grant of up to $1,000 which must be used in furthering their education at a Massachusetts four year college, public or private.

The four students chosen from Millbury High School are: Lisa Iacone, daughter of Mario and Anna Iacone; Karin Stead, daughter of Ron and Jerilyn Stead; Brett Taft, son of Frank and Betty Taft; and James Tuttle, son of Alan and Barbara Tuttle. Congratulations to all of you.

ALUMNI PANEL

The Guidance Department has invited members of last year's graduating class to discuss with current Seniors the many aspects of college life. On Wednesday, January 7, a panel discussion has been set up where college bound Seniors can listen to the advice of their peers and ask questions of the Alumni of 1986.

RELEASE TIME DAY

Monday, January 12, will be a release time day. Students will be dismissed at 12:00. There will be NO lunches served. The faculty will be completing the part of the self-evaluation referring to the learning areas. The Social Studies, Special Education, and Emerging Programs committees will be presenting their reports to the entire faculty during this time.

AEROBICS PROGRAM

Starting on Tuesday, January 13, the physical education department will offer a pilot program for five weeks during the 5th and 6th period gym classes. Ms. Martha Garceau from the Auburn Racquetball and Health Center will conduct the program.

PLANNING AHEAD

Marks will close on Friday, January 16, thus ending the second quarter of the year. As a result of the holiday on Martin Luther King Day (Monday, January 19), report cards will be issued on Monday, January 26.

On Tuesday, January 20, parents of 8th grade students will be invited to attend a parent's meeting which will explain the course selection process for next year.

WINTER SPORTS

BASKETBALL

FRIDAY, JANUARY 9: Boys Varsity and JV vs. West Boylston (A); Girls vs. West Boylston (H) at 3:15; 8th Grade Boys vs. West Boylston (A) at 3:15

TUESDAY, JANUARY 13: Boys vs. Oxford (H); Girls vs. Oxford (A) at 3:15

THURSDAY, JANUARY 15: Girls vs. Leicester (H) at 6:15

All Boys JV games begin at 6:15 and the Boys Varsity games follow around 7:30. Similarly, Girls JV games precede the Girls Varsity games.

WINTER TRACK

(Boys and Girls)

SATURDAY, JANUARY 10: League meet at South High at 8:30 a.m.
